PODS EXPANDS INTO OKLAHOMA CITY

Sooners Portable Moving & Storage, LLC, a franchise of PODS, Inc., is pleased to announce the opening of PODS® in the greater Oklahoma City area. PODS, which stands for Portable on Demand Storage, is a revolutionary new moving and storage service. Jeremy Bullock, a resident of the area and the new Territory Manager, says "I am pleased to have the opportunity of providing PODS convenient and cost effective service to members of my community."

PODS is leasing a 30,000 square foot warehouse at Northgate Commerce Center located at Hefner Road and Interstate 35 in a state of the art facility with security and sprinkler. PODS plans eventually to occupy two large warehouses to serve the 10 county area more easily.

PODS literally brings the storage or moving container directly to the customer. PODS uses a patented hydraulic lift system to lower a 12 foot or 16 foot weatherproof container gently onto a customer's property enabling them, or a packing crew, to load at ground level. Once packed, the customer can either leave the POD on site for storage or have PODS move it immediately to their new location or into the company's dry and secure warehouse until needed. PODS can be moved anywhere within the Oklahoma City area, as well as any of the other markets where PODS operates, such as Atlanta, Austin, Boston, Chicago, Dallas, Denver, Houston, Indianapolis, Kansas City, Long Island, Miami, Philadelphia, Phoenix, San Francisco, and Tulsa.

PODS can be used for household and business moves, temporary storage during remodeling projects and emergencies, storage for outdoor events, excess business inventory and records, and almost any other use that involves truck rental, storage and moving.

PODS was founded in 1998 in Tampa, Florida and to date has serviced over 197,000 customers across 39 states. Sooners Portable Moving & Storage, LLC is independently owned and operated by the franchise group that also owns the PODS franchises in Atlanta NE, Cleveland, Dallas NE, Greensboro, and Greenville.
